BESPOKE LINE

Immerse yourself in unique design and give form to your artistry. Express all that is unequivocally you.

[CRAFT YOUR FLOOR](#)

We Made This Just For You.

The Bespoke Line is the latest of our innovations. It is special because it's handcrafted and tailored to be unique to you. Unprecedented quality, craftsmanship and design come together, guided by your vision, to create something personal. Everything from square footage to the final fit profile is under your control and in the end, you're left with a work of art that is truly yours. There's nothing more perfect than that.

FINISH COATING

The finish accentuates particular aspects of the wood: Oil imbeds into the floor, providing protection while embossing a natural finish; Lacquer is slightly more durable and gives the floor a shine, while a Hybrid Mix is high performing, extremely glossy and tough.

FIT PROFILE

Select how you want your planks to nestle into the floor. From Square that aligns perfectly, to Full European Bevel that leaves a slight indentation, the fit has a unique impact on the personality and touch of your floor.
